EXPERIENCE

Kal Kardous International Student Services Center, Charlotte, NC

January 2023 - May 2023

Central Piedmont Community College

- Assisted over 100 F-1 international students by answering their calls, emails, and questions, resolving 95% of issues.

Honeywell Peer Mentor,

December 2023 - Present

Central Piedmont Community College

- As a Peer Mentor, I engage, support, and encourage cohorts of students pursuing academic credentials and careers in STEM fields. Furthermore, I instruct students in mathematics and computer programming to enhance their abilities and understanding in these areas.

Projects

- **Bridge App** October 2023 - December 2023
 - During my participation in a STEM engineering competition, I co-developed Bridge—an app facilitating course transfers between educational institutions. It also offers institution details, internship searches, and educational resources, benefiting students in their academic and career journeys. Our project secured first place in the competition.
- **Elige tu Profesor** August 2023 - Present
 - Currently developing "Elige tu Profesor," a website aimed at providing students in Spanish-speaking countries with insights into their professors and what to expect from each course.

CERTIFICATIONS

- Python Data Structures
